BALANCE Veterinary Rehabilitation Services

Dr Nestor and assistant Edie Steider came to the Erie Kennel Club Wednesday evening and presented a program about the new facility in Girard.

Balance is a cutting edge facility specializing in the rehabilitation of the physically injured and post-ortho surgery. This area in veterinary medicine encompasses the practice of physical therapy techniques in animals, providing water therapy on treadmill, cold laser treatment , acupuncture, and physical therapy.

The goal of Balance is to restore, maintain, and promote optimal function, optimal fitness, wellness, and quality of life as it pertains to movement disorders. Our demonstration showed Jethro and Wink doing exercises on the peanut ball

We are very lucky to have Dr Nestor's abilities and fore-sight to establish this type of rehabilitation service in our area of PA!

Thank you Dr Nestor and Edie Steidler!
