## Farewell, Teresa

Teresa West-Holmes has volunteered many hours to EKC and we are grateful. Teresa's service to the club

includes tirelessly helping with the all-day move from Girard to our new building; helping with demolition and clean-up days; assisting with policy and protocol development; and gladly sharing her knowledge and experience by hosting

conformation practice and teaching Rally classes. In addition, she is a wizard at creating forms, flyers, & other publications!

Teresa's husband, Paul, has accepted a position as Associate Professor of Economics at Ashland University in Ashland, OH and they will be moving to their new home in Wadsworth, OH (just west of Akron) during the last week of July.

Teresa has been accepted to the Purdue Veterinary Technician Distance Learning program, which has already begun, and then she will go on to specialize in cardiology. She will be working primarily for Dr. Boddy of Heart to Heart Veterinary Cardiology Consultants in Akron, but will continue with some aspects of her position at the Northwest PA Pet Emergency Center in Erie, namely the out-of-clinic projects, such as Paws in the Park and a booth at the EKC show, as well as some of her current hospital liaison duties.

EKC will miss you, Teresa, but we wish you success and happiness in this exciting new chapter of your life.

### NOTICE REGARDING MEMBERSHIP APPLICATIONS

As stated in the By-laws in Article II, Section 3 Election to Membership, paragraph *a*, third sentence:

*The prospective active member shall submit an initiation fee in the amount of the annual membership fee with the application and shall attend two (2) regular club meetings within six (6) months after submission of the application before the application is acted upon.*

We received two applications at the June 18 meeting and that meeting will count toward the two meeting requirement. However, attendance at any meetings prior to June 18 will not. These applicants will have to attend one more regular meeting before December in order to be eligible for election to membership.

## Kudos to ground maintenance!!

I encourage you to walk around our property. The ladies have been busy planting perennials and keeping the planting beds tidy. The lawn has been kept groomed and allows for a great stroll out to the little woods and pavilion. I have had several trips to the back, Bizzy has had great fun jumping into the pond and Spice loves to push the Biz in!! Andrea and I have seen Blue Birds out there. Anyone know how to make Blue Bird houses?

Next time you are out, take a walk!
